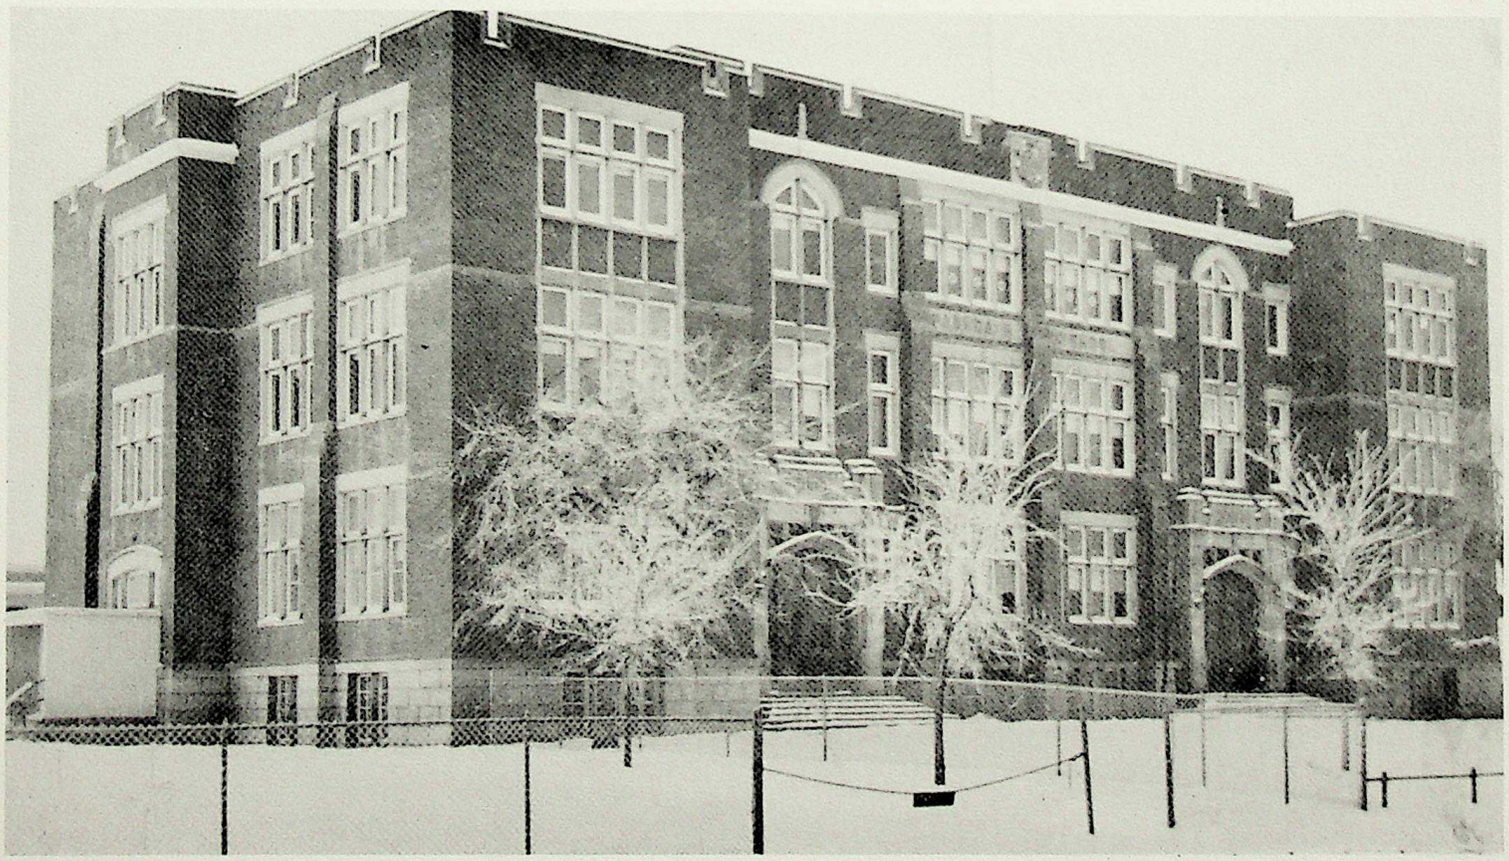
Parkdale

Second To None



Principal's Message

The leaders of tomorrow's world are in the classrooms of today. Or, to put it more succinctly; today's learner is tomorrow's leader. This is an inexorable process which cannot be avoided, averted nor set aside. The only effect we elders may have is to influence the quality of leader who will succeed us. We cannot avoid the succession.

In keeping with this thought, may we share with you future leaders some timeless advice given in another era by one of the greatest of all advisers.

"We have learned by sad experience that it is the nature and disposition of almost all men, as soon as they get a little authority, as they suppose, they will immediately begin to exercise unjust dominion. Hence, of the many who attempt leadership roles, few are really successful.

"No power or influence can or should be maintained by virtue of ascribed authority other than through persuasion, long-suffering, meekness and love unfeigned; through kindness and pure understanding which magnifies the soul without hypocracy, without guile.

"Reproving betimes with sharpness when necessary, and afterward showing forth an increase in love towards the reproved lest he consider you his enemy; that he may know your concern for him is the prime motive of your performance.

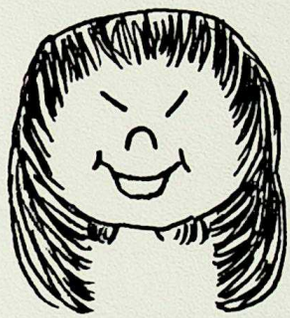
"Let virtue garnish your thoughts unceasingly and let the love of mankind sustain you always."

- C. L. OLSEN,
Principal

President's Message

As President of the Parkdale Students' Union, it is my pleasure to speak to the student body for the final time.

During this year, I was given the honour of being President of the Students' Union. I wish to thank those who made this possible. I wish to extend a sincere thank-you to the Students' Union for its excellent teamwork and enthusiasm and to the staff and student body for their co-operation and school spirit.



The memories of the Halloween dance, Christmas dance, Valentine party, Learn-a-thon, and camp-out will always be cherished in years to come.

Our fund-raising drives -- collecting bottles, selling popcorn and hot dogs helped to buy new uniforms for the boys.

To my fellow graduands, I wish success in high school and in their days which lies ahead. May you find your own road of happiness in life. To the entire student body, may we always uphold Parkdale's motto "Second to None"

Thank-you Parkdale for everything.

- DONNA MAH, President-1974-75

ANNUAL PARKDALE LEARN-A-THON

On March 15th & 16th, Parkdale's Grade IX students participated in our school's third annual learn-a-thon. Students taking part were obliged to stay awake from 9:00 A.M. Friday until 6:00 P.M. Saturday, and to participate in learning activities conducted by staff members who volunteered for three hour shifts. Each Grade IX student received pledges from friends, neighbors and relatives and teachers for each hour that he or she participated. The money was then used to finance a June camping trip to Jasper for the Grade IX classes.

The success of the learn-a-thon is a tribute to the Grade IX students who organized it largely on their own, and to the Parkdale staff members and parents who volunteered to help.

D. BOWES, Counsellor.

Valedictory Address

I am very proud and honoured to have been chosen to bid farewell to Parkdale School on behalf of the class of '75. We are leaving with the hope that we have maintained to the very last, the traditions and school spirit for which Parkdale has been well known.

We have learned, during our years here, the democratic ways of life. Our responsible Students' Union, our understanding administration, our clubs and activities are all fine examples of co-operation and democracy.

All of us here today hold memories of our elementary years; times when we presented dandelions, lilacs, and goodies to our teachers; were chosen monitors for some little job; lost our mittens; fell in puddles; threw forbidden snowballs and paraded up and down corridors in our Hallowe'en costumes. Then we climbed one step higher and found ourselves in junior high school. These were three very enjoyable years of messy lockers, long classes, different teachers, timetables, dances, with the boys huddled in corners, gym suits, showers with curtains, needles from the nurse, school pictures, and reams of study material, examinations, and report cards.

Now these three years are in the past and we have climbed up one more rung in life's ladder. We are now on the road to becoming mature adults. As we bid farewell, may I, on behalf of my fellow graduands, give a very sincere thank-you to our parents for their everlasting love, encouragement, patience, and trust. I would also like to thank our community and our school staff who so freely gave their time to help us with our numerous problems.

I wish my classmates every success in the years to come, and may all their dreams and wishes be fulfilled.

Let us remember,

The fabric of life to be,
We weave with colors all our own
And in the field to destiny
We reap as we have sown.

- Marthe Kostecki
